

Then and Now

Travel back in time as you view these slides. Put on your thinking cap and figure out where these businesses are and what business stands there today.

Have fun!

P.S. You may need the help of a parent or grandparent to discover the locations.

Slides are found here:

How might you show changes that have happened over time in your neighborhood or perhaps, in your family? Create a poster with old photos of your family. Next to the old photos, show the same person as they are today. For extra fun, cover the new photo with a Post-it or small piece of colored paper that can be flipped up to show the people in the photo.
